Matter MAT-2026-0455 — Novagen Biotech Pte Ltd — Series B Financing

Subject: Series B - Shareholders Agreement

Jonathan,

Term sheet with Pacific Horizon Ventures and our existing investors is signed. We need the Shareholders Agreement drafted to reflect: (i) Pacific Horizon's board seat and veto rights over budget >SGD 2m, (ii) anti-dilution (broad-based weighted average), (iii) tag-along and drag-along at 75% threshold.

Closing is targeted for end of July, so fairly tight timeline.

Amanda

Amanda,

Understood, we'll have a first draft to you and Pacific Horizon's counsel by 19 June. A few points to confirm: (1) Founders' vesting - term sheet is silent, assume no re-vesting since this is a later round? (2) Any existing side letters with earlier seed investors we need to reconcile with the new drag-along threshold?

Also noting your separate request last week about the office lease renewal - we'll get to that once this closes, not urgent per your email.
